

## 2021 Test-of-Time Award

*Enrico Bini, Giorgio Buttazzo, Measuring the performance of schedulability tests, The Real-Time Systems Journal, Vol.30, pp:129–154, May 2005.*

For the UuniFast workload generation algorithm, which helped establish a rigorous methodology for experimental evaluation of scheduling and schedulability analysis algorithms.

December 9, 2021

A handwritten signature in blue ink, appearing to read "Luis Almeida".
